

## HEALTH PROMOTION WORKSHOP

One of the pharmacist's roles in the healthcare system is to educate the public about using drugs through public health programs. The Pharmacy Department UII through ICPRP event supports the competence of pharmacists in the field of public health by holding a HEALTH PROMOTION PROGRAM DESIGN WORKSHOP. The purpose of this workshop is to equip participants with the ability to assess community needs in the pharmaceutical area and health sectors, design and develop problem-solving solutions, skills to implement health promotion design, and evaluate the program. The participants are expected to be able to design and carry out health promotion programs for community service and the learning process in Higher Education in Health.
